Robinson Refuses To Convene Group At Bowlen's Request

75 PERCENT. S.C. MEMBERS SIGN PLEDGE

Will Not Obstruct Technical Experts in Establishing New Era

At noon on Monday, 42 of the 56 Social Credit members of the legislature had signed the pledge to assist and not obstruct the technical experts who are to establish the new economic era in this province, according to an announcement made by Mrs. L. B. Bowlen, Liberal house leader, by Dr. J. L. Robinson, S.C. Medicine Hat, chairman of the committee, in an exchange of communications on Monday.

In declining to convene the committee, Dr. Robinson stated that there was too little time available prior to the opening of the session to permit of a meeting of the committee.

NO TIME LIMIT

No time limit has been set for the meeting, but it is expected that the meeting will be held on Monday.

Mr. MacLachlan, in reply to a question, asked if he had had no communication with Major Douglas since the Social Credit caucus last Friday.

Among the 14 Social Credit members who have not yet signed, are: Charles C. Cook, former provincial treasurer; C. Ross, former minister of lands and mines; W. H. Chant, former minister of agriculture; A. B. MacLennan, S.C. Inverness; J. H. MacLennan, S.C. Medicine Hat; J. H. MacLennan, S.C. Medicine Hat; J. H. MacLennan, S.C. Medicine Hat.

PROGRAM DISCUSSED

The caucus also discussed the program for the rest of the sitting, and as members for the most part are anxious to wind up the session, it is likely that night sitting will start immediately and that proposals will take place by the end of the week.

WHOMARKETWELSOR RESIGNS PULPIT

Jarline Will Go On Lecture Tour To United States

DARLINGTON, England, June 14.—Rev. R. Anderson Jarline, who performed the Duke of Windsor's religious wedding ceremony, announced today following his resignation he hoped to lecture for two months in the United States.

He described his intended trip as a combined holiday and lecture tour. Presumably he will talk about what he performed the ceremony at Windsor. He is expected to leave for the United States early in July.

Jarline insisted his resignation was not due to his performance of the wedding ceremony.

"I felt a younger vigor was needed in this parish," said the "pope man's parish," who is about 50.

"I intended to resign in any case," he said. "I am resigning only from the 'living' (parish), not from the Church of England."

"I have received no communication from church authorities regarding my resignation," he said. "I am going to the Channel Islands."

The Bishop of Durham, Mr. Rev. Herbert Henson, announced he had received the resignation of Mr. Jarline but made no comment.

At Southport, Australia, assistant of the Duke and Duchess of Windsor said they were surprised to hear of his resignation.

The announcement came during the summer of 1936.

ALREADY RESIGNED

"I wish to announce," the vicar said, "that I have written to the authorities of this diocese and to the bishop of this diocese to resign from the living of this diocese."

"This has nothing to do with the Duke and Duchess of Windsor," he said. "I have already resigned."

Mr. Jarline had been vicar of St. Paul's, London, since 1927. He resigned in 1936 after two years in the diocese of the former king and queen.

A week ago last night in the same diocese, Mr. Jarline, who had been vicar of St. Paul's, London, since 1927, had been vicar of St. Paul's, London, since 1927.

DR. ROBINSON REFUSES CALL GROUP MEETING

Continued from Page One

Dr. Robinson, who at the time was attending the Social Credit members of the "League of Nations" in London, refused to call a meeting of the public relations committee. "It is not taken up now, the whole summer will be gone and no action will be taken then. Ever since the summer was the subject, it has been adjourning on the subject and my matters. So why all the fuss now? This matter is of such importance that it is not taken up now."

Dam To Tame Colorado

With this massive wall of concrete and steel, forming the Buchanan dam north-west of Austin, Tex., the government is building a barrier for the life-depleting lower Colorado river.

The 1200-foot dam, when in operation, will create a reservoir for a million acre-feet of water, and will permit restoration of large areas devastated by flood waters. When the entire reclamation project is completed, there will be three other dams downstream from Buchanan dam to Austin. PWA and Bureau of Reclamation estimate the project will cost \$200,000,000.

Mountain Streams Are Swollen Following Week-End Downpour

BLAIRMORE, Alta., June 14.—Crew's Nest river and Lyon creek, two small mountain streams that were swollen by a week's intermittent rain and changed to roaring torrents by a 24-hour downpour Saturday, overflowed their banks here early yesterday and forced evacuation of the three families.

The waters were falling last night and it was expected the families would be able to move back to their homes later today. The three houses are isolated near the fork of the streams.

CEMENT RIPPED
Twenty feet of cement cribbing on the bank of Lyon creek, lying along side a railway roadbed, were washed away by railway officials said the road was not damaged. The remaining cribbing was left by bulldozers and stones.

At Frank, a few miles east of Blairmore, a huge section of a coal mine's slake dump broke away and covered the narrow gauge tracks to a depth of 15 feet.

The slake mass swept on past the tracks and completely covered a slake of trees.

SHACK DEMOLISHED
The avalanche missed the main line buildings but tore down a shack near the weighing machine was demolished. It is necessary to clear the slake on the main line and it is expected several days will be taken for this clearance.

Main line district was described as the heaviest in 15 years, but although they seem to have had little effect, they were usually in damp weather, small avalanches of this kind are usually followed by a heavy rain, but so far today there have only been a few showers.
